St. Albert & Sturgeon Gazette

Report released on St. Albert's commercial future

The second background paper, about St. Albert's commercial future, has been released by the Town Planning Department.

The first concerned Population and others which cover recreation, community facilities and transportation, as well as housing and industry are expected to be out in the near future.

A copy of the (first) employment and economy background paper on Com-

merce is available in the St. Albert Library.

Principal author of the second background paper is Town Planning Assistant D. Huntingford.

The background paper reports that there is no shortage of commercial sites in St. Albert, but that "some parcels are too large considering the type of centre that would be viable at the location."

Assuming that the town

population reaches 50,000, a concept provided in the paper, it shows St. Albert to have spread rapidly in residential growth at points on the north west, north east and south east sectors.

And a large industrial area is provided for at the far east section of St. Albert.

There are provisions for a major regional commercial centre at eight possible sites in and around St. Albert; these are located at points near the western extremity of Sir Winston Churchill Avenue, the intersection of Hebert Road and the St. Albert Trail (two sites), two on either side of Sturgeon Road and three straddled out on the far north east sector of St. Albert.

Regional centres are large at 377,000 square feet of Gross Leasable Area and community, (156,000 sq. ft. of GLA), neighbourhood (52,000 sq. ft. of GLA) and local centre sites (6,000 sq. ft. of GLA) are dotted more or less at random in the town.

Some regional sites may only be the size of 200,000 sq. ft. of GLA and some of the sites form clusters for the three kinds of development (regional, community, neighbourhood and local centre sites).

PREFERRED LOCATIONS

Preferred locations for regional centres as delineated in the report are intersections of major highways, expressways or freeways; intersections of major arterials or a major arterial and Please Turn to Page 2

\$389,000 sewer system will benefit drainage

Once a \$389,000 storm sewer system tying in with St. Albert's proposed \$30,000,000 downtown redevelopment is complete, it could have spin-off benefit for drainage in the town in general.

Work has just begun under the Provincial Street Assistance program on the new storm sewer system and improvements at Sturgeon Road for which the \$389,000 has been earmarked.

As a good deal of storm water comes down on Perron Street from Sir Winston Churchill Avenue, after heavy rainfall, Town Administrator Bob Byron says the town is seriously looking at taking the water down

Perron Street, "and siphoning it off through this (new) system."

Mr. Byron said that as the (downtown) area develops, "We'll be able to relieve some of the system now, if the capacity is there, we could put a line down to relieve pressure on Perron Street."

It is expected that the storm sewer system will stop at a drainage area or manhole at a point where St. Thomas Street will be extended on the south side of the area.

The disturbance to the surface will then be back-filled and then work can start on the new road system for the downtown core.

District 3 trustees disturbed at town letter

Trustees of the St. Albert Catholic School District No. 3 were disturbed with the content of a letter received from the administration of the Town of St. Albert. The letter advised the school board that the council passed a motion at its July 19th meeting stating "That in further dealings

with respect to the School Boards or other public agencies, the Town of St. Albert enter into a Development Agreement."

In effect, the town plans to treat school boards as it would any private developer and the letter sets out the procedure normally followed

with respect to development applications.

Trustees expressed their concern at the implications of this letter at the regular board meeting held on Monday, August 30. One sentence in the letter advising the board that "The bylaw also provides for the imposition of off-site cost levies," caused particular anxiety.

Trustee Peter Freeman moved that Secretary-Treasurer Ted Baldwin contact the mayor to request a meeting for the purpose of clarifying the letter and the motion was carried.

District 6 lengthens school hours for grade 1

Despite some objections from educators, the Board of the St. Albert Protestant Separate School District No. 6 decided to lengthen school hours for grade one students to bring them in line with those worked by the other students.

The trustees had originally voted to increase the hours at a committee of the whole meeting on Wednesday, June 23. The reason for the change was given in a rationale which had been prepared by Assistant Superintendent (Elementary) Muriel Martin at that time. The board approved the change but subsequently opposition to the motion was received by the Interpretation and Review Committee, a committee of trustees. The opposition came from educators who grieved that the lateness of the change gave little time for response and input.

In view of this reaction from the educators, the subject was reintroduced at Wednesday's meeting and Trustee Murdo MacFarlane moved to rescind the original motion. Mr. MacFarlane's

motion was defeated and the previously agreed change in school hours will go into effect as planned for the beginning of the 1976-77 Please Turn to Page 2

CHAIRMAN OF STURGEON School Division #24 John McDonell signed a \$4,342,404 contract last week for the proposed Sturgeon Composite High School at Namo. This culminates a five year effort to provide high school services locally for 650 Sturgeon high school students who are now being bused to Edmonton, St. Albert and Morinville. Minister of Education J. Kozjak gave formal approval September 3 to Bird Construction's tender to build the high school.

School approved 2½ mills no burden

Prompted by a letter from MD Sturgeon Council to Premier Lougheed and Education Minister Kozjak, a meeting was held last Friday, September 3, between Sturgeon School Board, Sturgeon Councilors, Education Minister Kozjak, MLA Ernie Jamison and department of education officials. The meeting which lasted 2½ hours aired the differences between the two elected bodies. MD Council members expressed their grave concern the new proposed school could be a

burden on the ratepayers and they estimated a supplementary requisition of 10 mills on top of an already high 30 mill property requisition.

Mr. John McDonell, school board chairman, emphasized that the councils figure of 10 mills was not correct and that the Board's administrators, Mr. Walter Hoppler and Mr. Frank Robinson had calculated the total cost could be held to 2½ mills. (At 2½ mills the charge on ratepayers with an assessment of Please Turn to Page 2

highway are preferred locations for community commercial centres.

You would find neighbourhood centres at the intersections of collector roads and major arterials, or along major arterials that don't lead to "higher order" centres.

And you would find "pedestrian oriented" local centres near trading areas which are not on major arterial roads or collectors close to schools or public transit stops.

"Car" oriented local centres would be along major arterials at locations accessible to traffic returning from work.

OTHER HIGHLIGHTS OF REPORT

The report says that a second major food store will be developed in St. Albert before 1978, a third between 1977 and 1983 and a fourth store between 1981 and 1986.

Total commercial sales in St. Albert for 1975 were estimated at \$34,000,000. The report also points out that the commercial floor space each household supports now generates \$21 annually in commercial revenue to the town, "surplus to attributable costs." Potentially this surplus could rise to \$34 annually if St. Albert residents increased the proportion of their income spent locally.

Of residents' total expenditure, the report goes on, 52 percent was spent in St. Albert last year but only 24 percent of general merchandise expenditures were made locally.

A square foot of commercial floor space over 1975 yielded about 88 cents in revenue to St. Albert and 55 cents in costs leaving an approximate surplus of 33 cents per square foot.

Other statistics mentioned in the background paper are that in 1975 there were 384,000 square feet of leasable commercial floor space

in the town and that commercial employment represents 39 percent of all local employment. Of these, 50 percent are female and 40 percent only work part time.

St. Albert, the report states, has only one half to one third the number of commercial establishments per capita of other comparable sized Alberta communities.

REGIONAL SHOPPING CENTRE BY 1979?

The high forecast of required commercial floor space estimates there will be a large enough market in St. Albert to support a regional shopping centre by 1979.

The paper points out the high forecast of the total amount of floor space that will be demanded in 1980 will represent a 2.2 times increase over the floor space existing in 1975, 3.5 times increase by 1985 and 14.3 times by 2000.

The report says there is much land "potentially" available for commercial use as will be required to meet anticipated demands, until the 1985-1990 time frame.

Currently the total potential supply is six times the total demand; but the report emphasizes that by 1980 supply will exceed demand by only three times, assuming that no additional land is designated for commercial use.

In conclusion, the report states the current supply of land suitable for commercial strip development will only be enough till 1980-1985 assuming that the total demand for commercial strip acreage is concentrated on the St. Albert Trail, and no additional land is designated for commercial strip development.

The report also says the redeveloped section of the town centre in conjunction with the existing commercial establishments will be sufficient space for anticipated requirements till 1990-95.

At the first meeting of the Catholic board following the summer recess, Trustee Elsie Lockert informed board members that she had attended the annual meeting of the Joint Use Committee on June 30. At that meeting a resolution was passed for the Technical Committee to investigate the possibility of publicity brochures to better inform the public of the facilities available to them under Joint Use.

FATHER JAN LUNCH BREAKS

The Board of District No. 3 approved a change in the times of lunch breaks at Father Jan School on a trial basis. Grades six, seven and eight will have an 11.05 to 12.15 lunch break for the month of September at the end of which time the board will review the change.

STURGEON DISTRICT UNHAPPY WITH INCREASED DISTRICT 3 FEES

Secretary-treasurer Ted Baldwin read a letter from the Sturgeon School District objecting to the increased tuition fees that District 3 has levied this year. Mr. Baldwin advised trustees that the

\$200 a year per student was comparable with fees charged by other school districts. Trustee Ernie Howish moved that a letter of reply be directed to the Sturgeon School District and that the request for an increase be confirmed. The letter should be the rates of tuition, fees charged by other districts to the attention of the Sturgeon District. The motion was carried.

BERTHA KENNEDY SCHOOL

Mr. Baldwin informed the board that the construction of the Bertha Kennedy School was on schedule. He said that the school would be completed by September 30th with the exception of the gymnasium and kitchen. The next month is the vital month and weather conditions will decide the full completion date.

The next board meeting will be held on September 16th.

school year.

Several reasons were given for changing the length of the school day for grade one children. It was considered that most of the six year olds are now familiar with a structured education program having been in kindergarten. In addition, it was felt that the amount of learning expected from grade one children was equal to that expected from the rest of the lower elementary students. Yet, they have to accumulate that learning in a shorter working day and this was suggested as a possible handicap that some beginners face.

Other side benefits of the change include more time for fun and free choice activities with the reduced pressure to get through the program in the time allocated. Also, teachers are expected to be less likely segmented from the other staff now that they will enjoy the same recess periods.

\$8000 would be \$20 per year for the \$5 million Composite High School).

Councillor Lawrence Kluthe who had vehemently opposed the burdening of MD Sturgeon with a tax levy in the neighbourhood of 10 mills, told the minister and chairman McDonnell, that he would not oppose a 2½ mill levy for the school.

Discussion centered around the Government support price of \$26.50 per sq. ft., on permanent type construction, and Trustee Harold Paul felt this figure was unrealistic in relation to present construction costs in a period of high inflation. (Tender for the Nanao School came in at \$53 per square foot, which was reduced to \$47.67 following cuts made by the school board of \$338,000.)

Minister Kozjak told the delegation that the support price was now before Government for review, and he anticipated an increase in the support price of \$1.50 per square foot, but would recommend the increase be \$2.50. This could mean an extra ¾ million dollars for construction costs, when added to additional govern-

He was faced with having to give up his route in order to go on holidays with his parents. Then Mrs. Olive Vest, Gazette circulation manager, came to the rescue. ment assistance for water and sewer. (From \$1.50 per square foot of instructional space to \$2.00).

In summing up, Mr. Kozjak emphasized to the school board that the Province would not be responsible for any further aid. He felt that the MD council members had been acting responsible in expressing their concerns if the mill rate for the new school would mean a 10 mill increase in school taxes. He repeated that the onus is now on the school board to maintain the levy at no higher than 2½ mills. Chairman McDonnell said that the Board had calculated 2½ mills for the school before the proposed increase in the support price for construction and utilities, and did not foresee any difficulties in holding the levy to that figure. Reeve Bill Flynn was also pleased with the 2½ mill rate increase, and along with his council felt that this amount could be handled by the ratepayers.

Construction of the new school can now get underway immediately and it is hoped it will be ready to open in the fall of 1977.

In another accident September 1st, 19 year old Francine Maltais, a private with Canadian Armed Forces Edmonton, was killed when the motorcycle she was riding went out of control 1.1 miles south of Lancaster Park on Highway 28A3.

The accident occurred at 7 p.m. and the driver of the motorcycle was Raynald Desmeules of CAF Sage Hill, Sask.

Ms. Maltais was dead on arrival at the Royal Alexandra Hospital after she was thrown through a directional road sign then landing in the ditch by the roadside. Mr. Desmeules was injured as a result of the accident, but RCMP describe the injuries as not serious.

Screen writing course planned for September

A report from the Alberta Writers Foundation concerning their membership growth is favourable. Since their initial request for membership in mid-April, 50 Alberta writers have responded. Many of the entry forms have

been completed with encouraging notes - "This is a good idea" or "We wish the Federation much success." Some accompanying letters have offered local promotional help and voiced support the goals of the

organization. Of these 50 members, 18 are from Edmonton and area, 15 from Calgary and area. Members include professional journalists, a U of A professor and teachers in creative writing.

A lot of hard work has gone into the creation of the Federation. Assistance has come from many sources: The prompt response of members, an organizational grant from Alberta Culture and the use of office and clerical help from the Recreational Division.

In order to serve the needs of writers in the areas outlying the major cities, the Federation needs more members, complete with information on their writing interests. Interested persons should contact the Alberta Writers Federation and request entry forms for membership.

Three feature film screenplays: No Time to Run, Kalav, and Athabasca Gold are among his credits. Many documentaries and a couple of novels are included in this writer's work who is looking forward to helping beginners in this field "with the understanding that my time and contribution will not be

wasted, and others will see that they, too, can write salable material."

The emphasis in this workshop will be on work. This is not a note-taking, casual get-together. Each person should anticipate writing his own screenplay.

This course commences September 14 at 7:30 p.m., at the Percy Page Centre, Room #4, 13 Mission Avenue. Contact the Alberta Writers Federation for more information.

Arts and Crafts Guild News

By Mayke Byl

The monthly St. Albert Arts and Crafts Board meeting was held on August 24, 1976 in the Arts Centre. Summer holidays behind us, we hope everyone is eager to participate in activities again and make it another successful year. This fall class schedule has quite a few new courses which sound very exciting. Mr. Rein Selles reported on the summer craft camp which was held in Wabamun Park. They had an attendance of 758 people. Everyone who helped in any way with this big venture deserves a lot of thanks for work well done.

The Guild members will be manning a booth at the Trades Fair, held in the St. Albert Arena on the 10th, 11th and 12th of September. An Art Auction will also be held at this fair, which should be quite interesting. The Arts Centre is going to have a new look after September 18th. Our mem-

bers are going to have a painting weekend. Everyone is expected to come with a roller and a brush and we hope everyone shows up so the load will be light.

The Guild is hoping to open a permanent gallery together with a craft outlet

for members, guild members handling the operation. The proposed hours will be on Thursday 7 - 9 p.m. and Saturday and Sunday 1 - 4 p.m.

Next meeting will be held on September 21, 1976 and everyone is welcome.

District No. 6 news

Trustees of School District No. 6 passed a motion to approve the final sketch plans of the proposed West Grandin Community Core School. The school will be built using as many natural materials as possible and 80 percent of the trees on the site will remain.

A School Names Committee has been established. Acting on a recommendation from Superintendent Elmer Gish, the board appointed the following to serve on a School Names Committee: Miss E. Engman (Principal-designate, West Grandin School); Mrs. E. M. Martin (assistant superintendent - elementary); Mrs. S. McCaffery (trustee).

The Board approved a motion to standardize the rate of pay received by students employed on a work experience program. With effect from the beginning of

the 1976-77 School Year, all students employed on the work experience 25-35 program will be paid at the rate of \$1 per hour.

Trustees were very satisfied at receiving a report from John Curilla, supervisor of instruction, concerning mathematical test results of senior high students. The

tests are provided by the provincial government at no charge to all Alberta school systems. Paul Kane students scored higher than average marks at grades 10, 11 and

12. The most significant difference in the mean was at grade 12 level. Paul Kane averaged 41.61 at this grade while the provincial average is 35.64.

Services held for St. Albert man

The Right Reverend John Margitich celebrated Holy Divine Liturgy and funeral services for Mr. Paul Muzichuk of 19 Seymour Crescent, St. Albert, who lost his life in a car accident just before 8 a.m. on Wednesday, September 1st, 1976. Mr. Muzichuk was the only occupant in his car which was involved in a four-car mishap which occurred at 118th Avenue and Groat Road.

At prayer services held Friday evening from Park Memorial Chapel, Father John, accompanied by the organist, sang a group of selected songs, including "God Understands," chosen

for Lillian Muzichuk, wife of the deceased. Others were the Lord's Prayer, Going Home, Beyond the Sunset, Nearer My God to Thee and The Old Rugged Cross.

PAUL MUZICHUK

Funeral services were held at St. Barbara's Russian Orthodox Cathedral at 9 a.m. Saturday, September 4th. Pallbearers were James Bellamy, Roy Waschuk, George Danyluk, all of Edmonton; Frank Kunz and Colin Hefford of St. Albert, and Bill Exly of Edmonton. Interment followed at Holy Cross Cemetery.

Luncheon was served following the services by friends and neighbours at the family home in St. Albert.

Paul Muzichuk is survived by his wife, Lillian, and three sons, Blaine, 14 years, Billy, 11, and Darren, nine years, his parents, Mr. and Mrs. Peter Muzichuk, and two sisters, Vera Soroka and Ann Bilowus, all of Boyle, Alberta, and one brother, Nick, of St. Albert.

He was born on February 16th, 1938 in Athabasca, Alberta, moving later with his family to Boyle, where he

received his education. After graduation he began working for Shell Oil Company, travelling extensively in the Peace River and other northern areas.

He was married to Lillian Gejos on August 2nd, 1960, in Nampa, Alberta. A few years later Mr. Muzichuk took an office job with the Provincial Government at

Lac La Biche. After six years he was transferred to Edmonton with the Department of Energy and Natural Resources, and the family settled in St. Albert nearly seven years ago.

From the time he was a youngster, Paul loved hockey and coached up until last year in St. Albert. He also enjoyed baseball, serving as

a coach and for three years as an umpire.

He was a former member of the Edmonton Toastmasters Club.

Paul Muzichuk was very much a family man, who enjoyed large family gatherings,

and took interest in the history of family members and the personal stories they had to tell.

He will be greatly missed by both his family and his many friends and neighbours.

HOMING INSTINCT

Most anglers who regularly fish a particular body of water have had the experience of catching a fish time and again from almost the same place. If they've been releasing that fish, soon they begin to wonder if they aren't catching the same fish each time. Perhaps the answer may be found in some information that recently came to the attention of Mercury outboards' fishing department.

It seems that some south-west fisheries biologists were sampling a lake to determine the mix of rough and game fish, and the size and age of fish living in the lake. In the process of taking a sample, they trapped some fish and moved them a considerable distance away where they were placed in a holding pen to be studied later. One of the fish was a large bluegill that was tagged and kept for examination.

Somewhat, the bluegill escaped from the holding pen. Its absence was noted by the biologists when they cleared the pen of all fish. Later, as more fish were being caught for a second phase of the survey, the previously tagged bluegill turned up in the capture net in exactly the same place it had been taken the first time.

Evidently, after escaping from the holding pen, the freedom-seeking bluegill went directly back to its home and took up its former position. The distance traveled was about one-half mile.

Although this isn't conclusive proof that fish possess a homing instinct, it does reinforce the belief by many anglers who practice "catch-and-release" that a fish will return to exactly the same log, rock or other underwater debris from which it was first taken.

OTTAWA and Small Business

Local papers community key

By KENNETH McDONALD
If there were one impression an observer took away from the annual convention of the Canadian Community Newspapers Association, held last month in Halifax, it was a general concern over the growth and influence of federal and provincial governments and their attendant bureaucracies.

At the municipal level, there is personal contact and a working resemblance to democracy. But three levels? "Take Consumer and Corporate Affairs," said one editor. "There's much that is good in the Combines Investigation Act, but it puts a lot of power in the hands of officials."

"The federal legislation is comprehensive and probably 80 per cent of it is useful. But then provinces had to climb on the consumerism bandwagon and draft legislation of their own. The objectives are the same but the fine print is different and advertisers tell me that keeping up with the differences is almost impossible. Once again, too many cooks are spoiling the broth."

"Take press releases," said another. "They're handed out undigested by media relations bureaucrats. Most of them are useless. The guiding principle is volume, to justify the jobs of the senders. Not long ago one from the Post Office informed us, in three colors, that there had been no change in

postal regulations that month."

A publisher described how local officials of a federal department, working with provincial bureaucrats, contrive to impoverish communities which don't fit into the development plan. Community A is striving for self-sufficiency, but is outside the development area. Community B is in the area and is already being subsidized. B's subsidies will continue, or be increased; any application from A will be postponed indefinitely.

The range of topics covered by editors and publishers visiting the Canadian Federation of Independent Business' booth during the convention, left no doubt of the vital role played by independent community newspapers. Not for them the daily's diet of gloom and destruction; theirs is the appetizing news of neighbors and familiar events. They are the heart and soul of the communities they serve, the cement that binds them together.

One community was dying on its feet, the newspaper with it. A new publisher, forsaking retirement, is putting new life into the paper. Around that core, enthusiasm is building throughout the community. "We're getting young people who want to work. Not many, but enough. We're fighting the free lunch philosophy, and we intend to win."

What's good for the goose is good for the gander

I find a certain air of unreality in the letter in your September 1st issue from Dr. R. H. M. Plain attacking the Gazette for editorializing on the Town's proposed recreation facilities, (Recreation Facilities, August 25, 1976).

The Gazette has every right to do so and in as much depth as it chooses. After all it is fair comment on matters of public record. There is no need for the Gazette to have a reporter present at a particular meeting in order to comment on the decisions made at that meeting.

Many August journals daily comment on affairs in Ottawa, Washington, London, the U.N., etc., without necessarily having a first hand report. It is known as "freedom of expression!"

Dr. R. H. M. Plain's real purpose however is a red herring (an ancient propaganda technique) to distract from the real issue that of the proposed new major recreational facilities in town.

The facts are:
1. A swimming pool to be built in Fountain Park. This is the small park at the corner of Hebert Road and Churchill Avenue. The proposed site of the pool is between the Day Care Centre and Churchill Avenue, about 50 feet from Churchill. Think of the traffic problems at the intersection of Bishop and Churchill, but think also of the use of parkland for a major structure like this.

2. St. Albert P.S.S.D. #6 have offered the town land for the pool facility at a

minimal fee and communicated this offer to town hall several months ago.

This is an offer from one public body to another over the use of public land. No need to use park land but instead use school land which is really not used much anyway. The several acres involved in a pool site would mean much more intensive use of that area than if it were left in grass.

If the pool site was located (just to give one possibility) between Lorne Akins and Paul Kane the parking lots at those two schools plus the parking lot by the Day Care Centre could provide adequate off-street parking. It would also locate the pool equidistant from Forest Lawn and Braeside. Similarly one could look at other precise locations.

3. The arena complex is to be located on the Oblate Father's site on Highway #2. This decision is taken in spite of the fact that a plebiscite last January strongly rejected this site. I wonder if this is even legal?

Why is a facility which will be used principally by children going to be located adjacent to one of the busiest highways in the Province?

4. The Vancouver firm of Phillips Barratt, architects seem to have been handed both projects on a silver platter.

5. This whole packaged proposal was dropped on the

public gently in the dog days of summer when people often are away or at least inattentive in civic affairs is at a low ebb.

It seems to me we have been on this railroad before. What is most disturbing of course is not just the attitude of Dr. R. H. M. Plain in trying to curb the Gazette's comments but also the apparent lack of concern by the public at large.

For example is St. Albert Safety Council concerned about either of these sites and of building safety into the choice of site and facility before the event or would they rather try to build fences around it later?

Where are the parents of young hockey players, swimmers, skaters and so on who will be using these facilities? Do they have no more comment?

Where are the young people themselves? They should be asked their opinions.

Where are the people of Braeside and Sturgeon? Do they want small Fountain Park to become a recreational conglomerate or just a quiet piece of greenery?

Thanks to Councillors Lukay, Thronsdon and Smith for voicing their opposition to some or all of the recreational proposals. Is there anyone else out there?

DAVE GEDDES.

Looking Through The Files

NINE YEARS AGO
(SEPT. 13th, 1967)

The September 12th, 1967 meeting of the St. Albert Chamber of Commerce saw the discussion of several topics, one of which was the amalgamation of the town with Edmonton. No decision was made but the pros and cons were fully studied and the end results of amalgamation for Jasper Place were noted with the obvious lack of services to roads and so on.

The Council of the Town of St. Albert established, by resolution, the mill rate for 1967 at 73 mills subject to final approval by the Local Authorities Board. The question of additional funds for the construction of the arena was still plaguing the council and a meeting of the Court of Revision was planned for October 2. The \$40,000 originally written into the budget for the arena was out only as far as the arena was concerned, and it was to remain in the budget as surplus to assist the town to improve its financial situation.

Goodkey's Variety Store Ltd. was taken over by Armand and Bernice Donais of St. Albert. The store was one of the first retail outlets to establish in Grandin Shopper's Park under the ownership of John and Lea's Goodkey. The Goodkey's capably served the community through the variety store with ladies' and children's wear, dry goods, sewing accessories and other small wares. The Goodkey's moved to Calgary to take up resident with their family.

The St. Albert Tennis Club held a club tournament at the Town of St. Albert Tennis Courts on September 10, 1967. In addition to the junior and senior tournaments, a barbecue was held and about 25 to 30 people were on hand.

Winners of the events were: BOYS SINGLES - Philip Parsons, BOYS DOUBLES - Philip Parsons and Myles Parsons, LADIES DOUBLES - Judy Wood and Bernice Parsons, LADIES SINGLES - Judy Wood, MENS DOUBLES - Floyd Maybee and Jack Harding, MENS SINGLES - Ron Werbicki.

A grocery store advertisement read as follows: SMOKED HAM Gainers Whole 49c lb. Those were the days!

Six smiling persons were pictured after winning trips to the National 4H Club Conference in Toronto and Ottawa. They were: Terry Kremenik, Dennis Martin, Wayne Unterschultz, Gail Lambie, Linda Paul and Karen Walker. The trip was one of the nine major achievement awards for which 240 senior Alberta 4H members competed at Olds Agricultural and Vocational College.

On August 24 the Gibbons 4H Garden Club held its annual Achievement Day. Barbara Paradis won a silver award for most points achieved on Achievement Day. Best garden award and best project book in 2nd year competition went to Edith Paradis. Efficiency winner was Margaret Elliott.

Punched out

Remember the police show you saw last week? A kid got punched out and you thought nothing of it. Right? It hits a bit harder though when it happens to a 10 year old right in the town that you live in.

My story begins last Wednesday (Sept. 1). A younger friend of mine decided to make a trip down to Grandin Mall that he would not forget for a long time. After borrowing his sister's three speed bike for the trip he headed down Sir Winston Churchill Ave. As he glided down the street he anticipated the ride over the hill, when he would not have to peddle up it, when his plans were interrupted. Just as he began to go under the bridge he was stopped by a couple of guys about 14 years old.

At first they were just picking on him, then it was a bit of pushing and finally he took a few punches to the arms, upper body and face. Of course he tried to defend himself, but a 10 year old

doesn't have much of a chance with two older boys to go up against.

We must also remember where all of this is taking place, and the fact that not one of the several cars that passed by as much as slowed down to see what was going on.

The commotion was finally noticed by a passerby across the street. By the time he was able to reach all the excitement the boys had left the area. The young lad was advised to go to the store at the corner and phone home. No one at home could do anything to the offenders, but the sympathy was much appreciated by him.

Maybe my account is too painted up but I just hope the kid that did this read the article. Also, he would like to thank the "MYSTERIOUS MAN IN THE BLACK SUIT."

A REASON FOR LIKING HITLER

VIENNA: When Bartholemew Strauss wanted a divorce after 40 years of marriage, his wife Emilie said there was only one thing she required as alimony ... his favourite water colour.

It shows Vienna's Karl's Church and is signed "Adolf Hitler 1907." With the picture goes a certificate confirming the artist's identity. Mrs. Strauss says it will fetch far more money than Bartholemew could have given her.

What Caught Our Eye

By Gazette Staff Writers

FOR WHAT CAUGHT OUR EYE VACCINE FIRM SEEKS INSURANCE

Even before the first shot of swine flu vaccine has been given in Canada, it has caused its first major adverse reaction - but not of the medical kind. Because of the so-called "unknowable nature" of the risk of harmful reaction for people who will be vaccinated, Canada's major supplier of the vaccine, Connaught Laboratories Ltd., wants \$20-million of product liability insurance to protect it against possible lawsuits before it will supply the vaccine. However, it may be hard to obtain the additional insurance, writes Richard Osler in The Financial Post.

Connaught made a verbal contract recently to supply 12-million doses of the monovalent A and bivalent A/Victoria swine flu vaccine, but its president, Stuart McInnes, told The Financial Post the contract is subject to obtaining full product liability coverage. This could leave the federal government holding the bag if the additional insurance does not come through. A spokesman for the Department of National Health & Welfare, which is supervising the swine flu vaccination program, stresses "the vaccination will be going ahead in September as announced notwithstanding problems that may come up."

The Financial Post.

AN EPIDEMIC OF LONELINESS From "Transition"

Early in 1974, Grant Maxwell, writer on social affairs in Canada began to explore and report how a cross-section of Canadians everywhere feel about social goals, everyday life, with experiences, religious and civil leadership, and prospects for the 1980's. The project was authorized by the executive committee of the Canadian Catholic Conference of Bishops.

In all, Maxwell collected more than 2,900 direct comments from the men and women and youth across Canada who cared enough to share something of their minds and hearts with the rest of us.

He said that society in Canada is undergoing a great change and that the family is in the front line on a battleground. These changes are affecting all our relationships and many persons are seeing life differently, and perhaps as never before the roles of governments and institutions are being questioned.

The majority of Canadians who talked with Maxwell felt that producing and consuming has become a way of life and that the system is a failure, even among the affluent. There is dissatisfaction with our way of life and a recognition that material things don't add up to happiness. He points out that the two-generation household, the nuclear family, is very vulnerable in today's turbulent, technological society.

Maxwell found that Canadians in all walks of life are calling out for help, for evidence that "somebody cares" in an increasingly mechanized and depersonalized society.

Commenting on what he calls an epidemic of loneliness, he says that there is a sense of separation and alienation which many think can only be resolved by finding a sense of closeness and community and not only among the elderly.

"We have put so much energy into producing, consuming and making money that we have no time or energy to communicate the way we should with one another. The result is that we neglect who we are as persons, and the resulting loneliness is a sign of our "malaise."

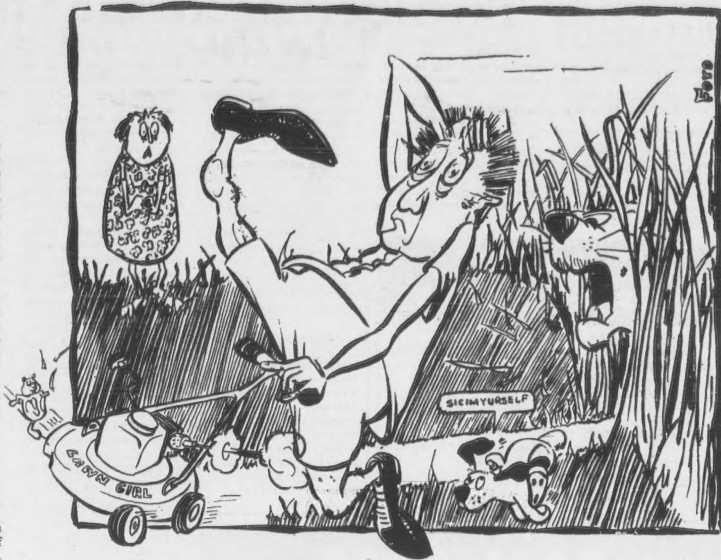

"CANADA UNGOVERNABLE?" From "Small Firms."

Many Canadians must be wondering if Canada is becoming ungovernable. Our problems seem insurmountable: bilingualism, Olympic financing, the anti-inflation program, labour unrest, Western alienation, regional disparities, unemployment, trade deficits, government spending, foreign ownership and control to name only the obvious.

It seems that the more we become aware of our problems, the more pressure we place on elected officials to come up with solutions. The result is ever-expanding bureaucracies and authoritarianism.

Unfortunately, we expect governments to do more than they are capable of doing. These expectations only lead to further bitterness and disillusionment. When basics such as jobs, savings, family and community life are threatened, the basic reservoir of goodwill that is necessary to maintain Canada as a nation is slowly drained away. There is a great danger that the bilingualism issue will be used as a scapegoat for a host of frustrations related to other government policies.

When the basic tolerance and understanding of Canadians is tested, as it was during the pilot's strike, we find a sector of English Canada no longer arguing about the cost or effectiveness of bilingualism, but rather the principle itself. For those Canadians who are emotionally committed to the concept of Canada, it is a difficult time indeed.

CHILDREN'S POTTERY CLASSES

The following changes have been made in children's pottery classes (7-9 years). Mrs. F. Picard will be teaching the Monday class, Mrs. S. Vaneidik the Wednesday class and Mrs. Lister the Friday class. It is suggested that if your child has taken a class from one of the instructors, you should register him/her with a different instructor in the next session. This will ensure that

the child will receive the maximum of techniques and skills available from our instructors.

WINTER RECREATION EQUIPMENT EXCHANGE

Don't forget that September 18th is the date for the equipment exchange at the St. Albert Arena. If you have such items as hockey skates, figure skates, hockey equipment, ski equipment, etc. come on Saturday morning from 9 to 12 noon to have the items tagged and priced. From 1 - 4 p.m. the Arena will be open to all those who wish to buy good used equipment. From 4 - 5 p.m., those who have sold their items can exchange their ticket for cash received. Cost of the exchange is 50¢ per ticket for items over \$5 and 25¢ per ticket for items under \$5.00. All equipment must be cleaned and new laces provided. See you there.

ST. ALBERT GYM CLUB

The St. Albert Gym Club announces that Fall classes will commence the week of September 20 and run for 10 weeks. This year the Gym Club will offer boys and girls competitive and recreational gymnastics. This is the first year that competitive gymnastics will be offered for

boys. Registration will be Thursday, September 9 from 7 - 9 p.m., at the Grandin Clubhouse. Classes are open to school age children six years of age and up. Fees are \$20 for competitive and \$12 for recreational. For further information contact the membership chairman Ted Langford at 459-7026 or the President Jerry Manegre at 458-0780.

LADIES KEEP-FIT [TUESDAYS]

A second Ladies Keep-Fit class will be held on Tuesday mornings from 9:15 - 11:15 at the St. Albert Community Hall. Babysitting will be

provided. Cost is \$12/Adult, \$7.50 for the first child and \$2.50 for each child thereafter. To register, please use the recreation course registration form in the Fall Calendar or phone 459-6601 for further information. Class will commence Sept. 28 and end November 30.

TRADE FAIR

If you're at the Trade Fair be sure to stop in at the Town of St. Albert Booth and say hello. A department staff member will be in attendance throughout the Fair to assist you in any questions relative to recreation in St. Albert.

Senior Citizens fall program

One of these days the Senior Citizens will make it to the Alberta Game Farm! On September 7th, the outing planned was cancelled because of the weather. That's the second time that this has happened and at the time of writing no further attempt is being made to arrange for a visit to the Farm.

Instead of an outing, a card party will be held on Tuesday, September 14 at 1:30 p.m.

On Monday, September 13, a general meeting of members of the Senior Citizens' Club will be held in the Centre (north of the curling rink) at 1:30 p.m. All seniors are invited although only members can vote on matters pertaining to the operation of the Centre and the activities of the Club. Memberships at \$1. each will be available at the meeting.

A full attendance is hoped for so that the executive can

find out where the interests of the members lie: what they'd like to see going on at the Centre; the bowling season; where they'd like to go for day outings and possibly longer trips, etc.

The delivery of meals-on-wheels to the Centre will resume on Thursday, September 16. A limited number of lunches will be served each Thursday at the Centre and any senior citizen interested in having an occasional hot meal should phone Hettie Blades at 459-4756 or Pat Gray at 459-7476. A short program usually follows the lunch; a presentation of slides is being planned for September 16th.

Athabasca landing trail tour Sept. 18th

On Saturday, September 18th, the St. Albert Historical Society is sponsoring a bus tour over the surviving portion of the Athabasca Landing Trail.

The tour will commence at the Museum on Mission Hill at 9 a.m., and proceed up through the Horse Hills towards Gibbons, across to Waugh, Redwater River, McNelly's for coffee, Egge's

stopping house, Perryvale for lunch, up the big hill by Billy Smith's and on to Athabasca. Jim Parker will comment on points of interest.

After the first steamboat reached Fort Edmonton in 1875, a freighting route was established overland to Athabasca Landing. The advent of the railway to Calgary in 1883 and to Strathcona in 1891 brought an increased

use of the Landing Trail. This Trail and Athabasca Landing were the route and departure points for all northern traffic between 1887 and 1912. In the latter year the Canadian Northern Railway reached the Landing and the Trail fell into disuse. Much of the trail south of Redwater River is now obliterated by farmland but the northern portion is still used as a district road. Remains of the old stopping houses still remind travellers of a romantic and historic route into Canada's north-land.

If you are interested in taking this Yellow bus tour, send your cheque and phone number to the St. Albert Historical Society, Box 98, St. Albert. Tickets are \$7.00 each and all seats are reserved. Please bring along a box lunch for the noon stop at Perryvale.

The program in Athabasca

includes a visit to the Drop-In Centre with guest speaker Leo Noddings, bus ride to the Landing viewpoint and free time for a tour of the library and dinner of your option in Athabasca. The bus leaves at 6 p.m., arriving in St. Albert about 7:30 p.m. More in-

formation available from Arlene Borgstede at 459-8601.

The Museum closed September 6th, after a successful summer season. Local students Cathy Lancaster, Sara Van Tighem and Barbara Cushing have shared

the staff duties. Free tours will be accommodated over the fall and winter months by Arlene Borgstede at 459-8601.

Do you like it here?

The above question is asked so often. Well do you? This writer has been asked

this many times during our first complete year of living here in St. Albert. To me this town is a great place to live and serve. From the founder of St. Albert, Father LaCombe, to the multitude of people that have come, we in this day enjoy the beauty of this place because of the prayers, sweat and tears of so many unnamed heroes.

The Apostle Paul, said it so well in Philippians 4:11-13 "Not that I complain of want; for I have learned, in whatever state I am, to be content. I know how to be abased, and I know how to abound; in any and all circumstances I have learned the secret of facing plenty and hunger, abundance and want. I can do all things in him who strengthens me."

A writer named G. Avery Lee said it so well, "Then, if you are to like it here, you must learn to turn every experience that comes your way into something good. If you are happy only when life

runs smoothly, if you turn melancholy, cynical, or rebellious when things go wrong, you will not like it here; for life is a mixture of the smooth and the rough,

the joyful and the sad. No one can be called mature until he has learned to face and use difficulty, sorrow, and even failure, until he has

achieved what someone called, "power to turn a minus into a plus."

With a living Christ in your life, you will like it here."

Antelope prospects bright

Prospects for a successful antelope hunt this year are excellent, Parks and Wildlife reports.

Gordon Kerr, assistant deputy minister of the department's Fish and Wildlife Division says recently com-

pleted summer surveys of the province's antelope indicate a population in excess of 16,000 - an increase of 33 percent compared to last year. For the second consecutive year all seven antelope zones will be open to hunting.

Antelope numbers have been increasing annually, but this year's increase is the greatest since 1969. At that time antelope responded to a severe winter by moving south and out of Alberta, in addition to suffering severe overwinter mortality.

Mr. Kerr attributes the population increase to mild winters in the southern part of the province over the past few years. He indicated that this year's production rate of 76 kids per 100 does is up approximately 36 percent from last year.

Although the 1976 hunting season will again be for trophy buck antelope only, he said that if the population remains high a female season will be considered next year. The major contributing factor will be weather conditions during the coming year.

This year's antelope season will be held from October 25-30, and permits will again be issued on a draw basis. Applications for permits must be post-marked no later than August 21, 1976, and mailed to Fish and Wildlife Resources Building. All applications must be accompanied by the \$10 fee for Alberta residents, or \$29 if the applicant is a non-resident Canadian.

Bob Williston in St. Albert September 15 - 24th

Whenever Bob Williston sings his music puts into telling words and living pictures the deepest stirrings of faith and hope in the hearts of his listeners. One cannot listen to his music and remain static. His songs become a prism through which one sees the richness and depth of one's own life. He creates an atmosphere in which life has meaning and reminds us of God's love.

Who is Bob Williston? He is an extraordinary 23 year old from Vancouver. In 1965, at the invitation of his parish priest, he organized the first folk mass group in Vancouver. He was then 13 years of age. Four years later he began composing his own music and lyrics. At 19 he became assistant director of Catholic Youth Activities for Vancouver. Bob soon became well-known for his weekend

youth retreats as well as his workshops on music in the liturgy.

In 1973 Bob cut his first record, "Son Dance, Sun Dance" and in 1975 recorded "Color My Life." Music from both albums is being used for liturgical celebrations all across Canada.

Bob is scheduled to arrive in Edmonton with his back-up group of four musicians on September 8. At that time he will be interviewed on community T.V. in St. Albert and on CFRR radio.

On September 9 he will present a short workshop for folk mass groups at Archbishop O'Leary High School at 7:30 p.m. Then he leaves for Prince Albert where he will give two concerts: one in the Federal Penitentiary and one for the public. On September 14 Bob's tour takes him to Lloydminster.

The Edmonton area concerts are on September 15th in St. Albert Church, September 17 at the Provincial Museum, and St. Alphonsus Church on September 19.

Following this tour Bob will be playing lead role in the Rock opera "Godspell" for a Vancouver company touring B.C. and Alberta. On reviewing Bob's performance in a recent Vancouver production called "Sprinklin'" critic Bob Allen of the Vancouver "Province" singled out only one person saying, "Bob Williston is his name and he is someone you could hear a lot from in the

future.

He possesses a fine baritone voice with a good range that sounds equally at home

with material as diverse as Bernstein, Sly Stone, Neil Diamond and Elvis Presley. In addition, he has what

could only be described as natural stage presence. He is attractive and makes it all look easy."

Dallas, Texas not too big for Hercules Bantams

The Hercules bantam soccer team, sponsored by Grandin Bakery, came home from Calgary last Sunday night, with a big smile on every face. It started about 10 days ago, when they were invited to play in one of the biggest soccer tournaments

in North America. The team has been down to this tournament three times in the past, but it has never come close to winning. This year, the boys were excited at having a chance to play some teams from the United States, which were entered

this year, win or lose.

In all, there were 24 teams entered in the tournament for the bantam age group, including teams from Vancouver, Kamloops, Winnipeg and Saskatoon. Four teams came up from the United States, these teams repre-

sented: Seattle, San Jose and Sunnyville, California, and Dallas, Texas. The St. Albert boys came up against one of the top Calgary teams, Bona Vista, in their first game. Having played this team twice before, in the Alberta Finals,

winning in 1974, 1-0, and losing 1-0 in 1975, we knew that we had our hands full. Calgary took an early lead, and at half time it was 2 to 1 in their favour, however St. Albert came back to tie it up, and with only one minute left to play, Ken Myck scored the

winning goal.

The second game was against Mariborn, another Calgary team, who had previously beaten Glenora 4-1 and Vancouver 3-1 to get to the semi-finals against the St. Albert squad. The 3-1 victory over Vancouver had us a little worried, as Vancouver is known as one of the greatest soccer cities in Canada. However, things looked good, as we took an early 2-0 lead, with an end result of 3-1, which put us in the finals against Dallas, Texas.

According to some of the coaches, who had seen action against the Dallas team, they left little hope of our St. Albert club coming out victorious. One coach even figured that the game would come out 5-1 in favour of the American team.

However, the St. Albert team controlled the field and went steadily up and down the field, from the first minute to the last. With boys like Keith Heyburn, who seemed to be all over the field, or Paul Kelly, who never once left his opposing never once let his opposing winger get past him, the game seemed to come to St. Albert's favour. Especially with guys like Scott and Steven Livingstone, who were always dangerous in front of Dallas' net, and the gracespeed of Tony Behals, which kept the Dallas defense worried. Norman Odine, captain, and Ricky Gray continually out-smarted their opponents, while Steven Moseman and Michael Paul in continually set up the front line. Then there's Tim Schroeder, who came out of the hospital only a week ago, after an arm operation, who set up Ken Myck, who scored both goals for the St. Albert club, with his low hard drives. Final score - 2-0 for St. Albert.

Herman Kochan, coach of the team, would like to thank all of the parents, who made this trip possible, and who gave the team 100% support. A special thanks to Mrs. Gray, manager, who really worked hard to get this trip to Calgary organized. Thanks also to: Rob Sfidin, Jim Rodgers and Pasquale, from Edmonton, who came out and played very strongly for St. Albert.

STAY SOBER

"It's horrible," said the viewer of a work of modern art.

"I only paint what I see," explained the artist.

"When you're in that condition, you shouldn't paint," said the critic.

He's deeply involved in Alberta's underground growth.

Who is he? A member of AGT's Buried Cable Location Service team. He works with special equipment to detect the location of communications lifelines underground.

And that's important. Because telephone cables beneath the ground carries thousands of messages every day. Messages that keep Albertans close to families, friends and business contacts. And messages that can, in emergencies, save lives.

When contractors, backhoe operators and do-it-yourself posthole diggers probe underground, they should phone our Buried Cable Location Service first. The service is free, because we'd rather show people where not

to dig than bill them for cable damage costs.

A quarter of a century ago, all telephone lines were overhead. Since 1964, more than sixty-five thousand miles of cable have been buried.

Buried cable means improved visual ecology and better service. No chance of wind damage or airborne ice to put the freeze on vital telephone service.

But to keep it operating we need co-operation. If you operate digging equipment, please dial before you dig. Just dial "0" (Zero) and ask for Zenith 07128, toll free. Our cable locator will be around as fast as possible to mark the spot.

Final minor hockey registration Saturday, Sept. 11

Final registration day for the 1976-77 Kinsmen Minor Hockey program will be this Saturday, September 11th.

For parents who have not registered your son or daughter please make note that you may do so this Friday night from 6 to 9 p.m., at the Grandin Clubhouse (beside swimming pool) on Saturday morning from 9 to 12 noon September 11th at the same location.

Registrations are also being taken during the week including Saturday at St. Albert Sportsplex on Perron Street and Ozias Cycle in the Grandin Mall.

No registrations will be accepted after this weekend unless under exceptional circumstances.

The arena is scheduled to open the first week in October and the Kinsmen would like to have all team lists finalized and practices started as soon as possible.

play, a league will be formed. No fee is being taken at this time.

BIRTH CERTIFICATE AND SOCIAL INSURANCE NO.

All boys registering must produce a birth certificate or baptismal form to show proof of age.

Players in pee-wee and higher divisions are asked to obtain their social insurance

number to comply with Alberta Amateur Hockey Association regulations. Forms are available at the Post Office. In the event you do not have one at the present time you may still register and the number will be taken at a later date.

To insure a successful season your participation as parents is greatly needed in areas of coaching, helping to coach, timekeeping, plus the

numerous other jobs required to make this the best season in Kinsmen history.

No experience is necessary to coach as a National Coaches Certification program in levels one and two will be held October 4, 5, 6 and 7th in the arena.

To register for this seminar please call 458-1111 for further information. A fee of \$5.00 will be charged.

Quarterback Taylor Sedgewick led his team in a well balanced offensive attack. With pinpoint passing to Brian Rasmussen (3 catches for 47 yds.) Willowbrook were able to compliment their running game and come out victors for the second week in a row. Willowbrook opened the scoring in the second quarter with a 12 yard pass from Sedgewick to Kurt Trent. John Holden kicked the two point conversion. An identical play from Sedgewick to Trent for six yards in the third quarter capped off an excellent run for 40 yards by Chris Johnstone. Johnstone finally rounded out the scoring in the fourth quarter on an 11 yard run.

Floyd's Trucking Ltd., the new sponsor of the Lacombe

Park team witnessed their team's only touchdown in the third quarter, scored by Wayne Orlick on a seven yard end run. Ashley Guskowski played outstanding ball for the losing team.

Carma Crusaders - 26 Standard General - 8

Carma led by Mark Akins got it all together Saturday and controlled Standard General from start to finish.

Akins opened the scoring in the second quarter with an eight yard run. A few sequences later Carma scored again with Aaron Banks crashing over from three

yards out for the major. Akins kicked the two point conversion to make the score 14-0 at the half.

In the third quarter Carma again marched down field for another major scored by David Stephen from two yards. The fourth quarter saw Akins round out Carma's scoring with a 12 yard run for the major.

Late in the fourth quarter, Standard General's Terry Doucher on a broken play took a pass from Shipanoff and sprinted 50 yards for their only major. Mike Tessier converted for two points.

Alberta Cup Road Race results

Saturday and Sunday saw many car racers from the prairie region, Alberta, Saskatchewan and Manitoba, competing at Speedway for the Alberta Cup Road Racing Championship. Two racers from St. Albert, Graham McKelvie and Bob Dunk, were on hand to take part in the race although luck was not with them and they were plagued with car troubles.

Winners of the Formula Ford class were: first - Dan Robertson from Calgary who also won his class; second - Frank Tener from Edmonton who also won the Prairie Regional Championship (highest points in the season); third - Doug Lorraine from Calgary.

Formula V winners were: first - Trevor Boys from Calgary; second - Harold Hubka from Edmonton who also won the Regional Championship for his class for the third consecutive year; third - Rod Druss from Edmonton who also placed second in the Regional Championship for his class.

In the Closed Wheel Class,

Group 1, the winners were: first - Don Rushton from Edmonton; second - Mike Atkin from Edmonton; and Allan Downing from Saskatchewan.

In the Closed Wheel Class, Group 11, the winners were: first - Gino Gagliardi from Edmonton who also won the Regional Championship in his class; second - Gary Michael from Regina; and third Bob Brink from Calgary.

The winners of the Street Stock Class were: first - Ray Martin from Calgary; second - Brian Sinfield from Edmonton; and third - Randy Watson from Edmonton.

There are 12 races throughout the season, six in Edmonton at Speedway and six in Manitoba. Winners in each of the classes are eligible to take part in the Road Race of Champions held in Quebec this year to determine the Canadian Champion. Several from the Edmonton area are expected to travel east to take part in this annual event.

DIVISION

We will once again have hockey for all ages of boys from 7 to 18 beginning with shaver and ending at juvenile.

Shaver, mite and pee-wee divisions will for the first time be split up into three sections, A, B, C, to try and maintain equality according to ability.

RQB Mosquitos fourth

By Doreen Streeter

The provincial mosquito playoffs were held in Medicine Hat on August 28 and 29 with teams from Riviere Qui Barre, Edmonton (McQueen's), Okotoks and Medicine Hat competing in a double knockout series.

At 12 noon Saturday Riviere Qui Barre played Medicine Hat, losing to the Hat 11-4. The 2:30 p.m. game saw Edmonton and Okotoks play, Edmonton winning 21 - 0. At 5 p.m. Okotoks and Riviere Qui Barre played with Okotoks winning 15-5. This eliminated RQB as this was their second loss.

Sunday morning at 10 a.m., Medicine Hat played Edmonton. The Hat winning this game 12-0.

Final results of the tournament are not known at this

time.

Congratulations to the coach, Dwayne Granger, and his boys for a job well done this year. Thank you to all the friends and relatives who travelled to Cold Lake and Medicine Hat to support the team.

Members of the team are: Coach Dwayne Granger, Joe Gadoury, Darcy De Rudder, Dean Biddiscombe, Colin Spencer (Bon Accord), Trevor Hermanutz, Todd Kluthe, Grant Perrott, Brian Perrott, Denis De Rudder, Vaughn Paul, Keith Streeter, Marty Comeau, Bradley Kluthe, Glen Soetaert, Danny McKay (Bon Accord), Craig Sages, Mike Sheehan, (missing from picture) - Lonnie Thibault - Cold Lake, and Gordon Fuhr, president of the Sturgeon Minor Baseball Association.

Driver Graham McKelvie from St. Albert and his brother David survey the grim situation created when the crank shaft in the engine broke and came right through the oil pan. The engine seized solid, eliminating Graham from the race. Bob Dunk, also from St. Albert, was racing in the same class as Graham but was also plagued with engine problems.

Sailfish Swim Club winds up season

The St. Albert Sailfish Swim Club held its windup party on September 2, 1976 at the Clubhouse following a final dip in the pool.

The party is the time when the presentation of the club awards are made. This year the trophies were won by the following individuals: Out-

standing Jr. Male - Tom Munro/Scott Flowers - tie; Jr. Female - Sheila Dyck; Sr. Male - Kent Madsen; Sr. Female - Carolyn Wilhelm; Most Improved Jr. Male - Todd Ewen; Jr. Female - Gerta Grieve; Sr. Male - Norm Odings; Sr. Female - Ellen Ainsley; Most Dedi-

cated Swimmer - Claudette Larocque.

Mr. Fred Pass donated two additional trophies this year one for the top female in the 800 metre events and one for the top male in the 1500 meter event. The male trophy was not presented this year as St. Albert did not

have a swimmer in the 1500 meter event - however Diane Pass won the Gordon Pass Memorial Trophy for her efforts in the Finale 800 Metre Event.

The St. Albert Sailfish Swim Club would like to acknowledge with thanks a donation from the St. Albert

detachment of the RCMP in the amount of \$100. The involvement program which is designed to assist worthwhile community programs involving the public at large. The Swim Club will use the \$100 to purchase either a pace clock or a timers watch

neither of which the club has at present.

The Swim Club had a most successful year and with the assistance of interested groups such as the RCMP it is to be hoped that even more children will become involved next year.

Large public attendance expected for Trade Fair

Close to 10,000 people are expected to click through the turnstiles of St. Albert's First Annual Community Trade Fair September 10 through 12, according to its organizers.

The fair is sponsored by the St. Albert and District Chamber of Commerce, and according to President Peter Zuidema, the enthusiasm of the local businesses and residents has been excellent to date. "The Chamber is sure the fair will be an all-round success," he stated.

The event is designed to promote patronization of local businesses and services, and exhibitors include more than 50 commercial organizations and non-profit community service groups. A full slate of first-rate entertainment has been planned, with continuous shows throughout the weekend.

Preview of total picture of the Fair on Capital Cable T.V. this Thursday at 8 p.m., Eric Robinson chats with Anne Sh... co-ordinator... Ray Gibbon of the St. Albert Chamber of Commerce. Capital Cable T.V. (Channel 5) will also be on site to cover some of the Trade Fair for their local broadcasting.

Additional door prizes announced for Trade Fair

The long list of door prizes for the St. Albert Community Trade Fair continue to grow as the opening day draws nearer.

Edmonton Auto Parts Co. Ltd., and Northwest Automotive Services Ltd., have

contributed a set of Cibic Z Beams for two-lamp systems, and a Cibic four-lamp set, on behalf of their St. Albert clientele.

According to Stan Webster of Edmonton Auto, the gifts may be exchanged, should a

person with a four-light system vehicle win the prize of the two-lamp set, and vice-versa.

A lucky young fair-goer will win a four foot x four foot x four foot yellow playhouse with a black trim. The

A-frame house, which has a real door, floor and four plexi-glass windows, was constructed and donated by Belmont Realty and L.B.H. Home Improvements. An additional prize, courtesy of L.B.H., is four boxes of white

ceiling tile, at a retail value of \$80.

Another recent addition to the list of door prizes is a five-foot Blue Spruce tree, courtesy of Lacombe Nursery and Garden Centre in St. Albert, to be delivered at the Nursery's expense and at the winner's convenience.

These prizes are added to the list, which includes a fishing excursion for two to Brentwood Bay on Vancouver Island, courtesy of Helten Travel Ltd. of St. Albert and Pacific Western

Airlines; a 1976 Zenith digital clock radio, donated by Alberta Radio and T.V., a \$25 gift certificate for Hutching's Shoes Ltd., a re-upholstered chair provided by St. Albert Upholstering Ltd., and a floral arrangement from Grandin Flowers.

These and other prizes may be won at the St. Albert Community Trade Fair, sponsored by the local Chamber of Commerce, to be held at the St. Albert Arena, September 10 through 12, 1976.

Fairgoers will get preview of St. Albert's proposed developments

St. Albert Community Fairgoers will get a preview of some of the new, major developments, proposed for their town in the upcoming years.

St. Albert's Parks and Recreation, and Planning departments are teaming up in one booth to give the

community an inside look at the proposed downtown redevelopment, the proposed industrial subdivision east of town, and the proposed arena and swimming pool, through models, architectural conceptual drawings, maps and displays.

Parks and Recreation will also present a slide show

depicting the greenspace in the town, and another about the crafts and recreation camp which was held this summer at Lake Wabamun. Copies of the fall recreation program will be available, and a representative will be on hand to answer questions about the program.

The first annual St. Albert

Trade Fair, sponsored by the local Chamber of Commerce, will take place in the St. Albert Arena September 10 through 12, 1976.

Historical Society in Fair

A pictorial history of St. Albert, one of the province's oldest communities, will be featured at the First Annual St. Albert Community Trade Fair.

The photographs will be on display courtesy of the St. Albert Historical Society, an organization dedicated to the preservation of the town's history since receiving its charter in 1971.

Visitors of the Trade Fair will be able to have an in-depth look at St. Albert's history through the archives of the Society at the St. Albert Arena, September 10 through 12, 1976.

contest will be a cash award and certificate. Second and third place entries will receive certificates.

"We are looking for quality, not quantity," stresses Fair Co-ordinator Anne Shawcross, adding that the essays must be interesting, but not necessarily lengthy.

St. Albert Legion in Trade Fair

The Royal Canadian Legion is celebrating its golden anniversary at the St. Albert Community Trade Fair September 10 through 12.

According to Co-ordinator Len Jones, the booth will be information oriented, but a golden anniversary plaque, inscribed with the Flander's

Field poem, will be on sale.

Proceeds from these 50th anniversary plaques will go towards the St. Albert Branch of the Legion and its projects, which include the Polio campaign, hockey in St. Albert, and youth groups around the town.

The Legion will be one of over 50 local organizations

Legal Locals

By Connie Mauger

Congratulations to George and Doris Bauwens of Legal upon the arrival of their first child on August 23 at the Edmonton General Hospital. Their son named Gregg weighed 9 lbs. 5 ozs. at birth. Doris' parents Mr. and Mrs. Real Auger are very proud of their first grandson.

The registration meeting for the Legal 4C All Club will be held on September 8th beginning at 7 p.m., at the Recreation Centre. Any boy or girl between the ages of 10 - 21 may join. Projects offered this year will be clothing, food, crafts, woodwork, leather, small motors, rabbits and pets.

No members will be accepted after the 10th of September.

For further information please contact Mrs. Esther Brown at 961-2457.

The first regular meeting is scheduled for Wednesday, September 15th at 7:30 p.m., at the Recreation Centre.

Rachelle Nault of Legal is looking for someone interested in sharing travelling to work. Her working hours are from 9 a.m. - 3:30 p.m., and she travels to 82 Ave. and 175 St. If you are travelling towards or near that area possible arrangements could be made. Contact Rachelle at 961-3609 at your earliest convenience.

The Legal High School students have been busy right from the first day of school, September 1st. They have already elected the members of the Students Union for this year. The results are as follows: President, Angie Auger; Vice-President, Richard Nault; Secretary-treasurer, Lucy de Champlain; Photographer, Jacqueline Blanchette; Reporter, Lorraine Champagne; Boys' Social Convener, Mark Orpik; Girls' Convener, Claudette Biloiseau; Boys' Sports Reporter, Melvin Cornwell; Girls' Sports Reporter, Brigitte Lussan.

The class representatives are: Grade 9 - Corinne Prefontaine; Grade 10 - Denis Brissin; Grade 11 - George Van de Wal; Grade 12 - Agnes Rivard.

NOTICE OF MEETING

The 36th annual meeting of the Alberta Livestock Co-operative Ltd. will be held in the Agri-Mart Auction Theatre, 2003 McKnight Blvd., N.E., Calgary, Alberta, on Friday, September 10th, 1976, commencing at 2:00 p.m.

This is a very important meeting as members will be asked to approve the turnover of the assets of A.L.C. to Co-operative Trust Company of Canada on behalf of the bondholders. The members will also be asked to approve the creation of Livestock Alberta Ltd., a new co-operative to enter into a lease agreement of the assets formally owned by A.L.C. A new Board of Directors will be elected to Livestock Alberta Ltd. at this meeting. Plan to attend, your support is required. All interested producers are welcome.

GEORGE L. HOPKINS
SECRETARY.

The Fresh Day has been scheduled to be on Friday, September 10. The Kangaroo Court will begin at 7 p.m., in the gym. All parents are invited to attend. Later during the evening there will be a dance at the Legal Community Hall featuring the Shadowfox and the admission fee will be \$3. per person.

The annual bazaar and supper sponsored by the Club 60 Roses will be held

in November at the Club 60 Roses building in Legal. Anyone wishing to prepare objects and things for this occasion would be very much appreciated.

Commencing September 1st the Legal Bottle Depot will be opened Mondays through Fridays from 10 a.m. - 3 p.m., and on Thursdays from 5 p.m. - 8 p.m. The Depot will be closed all day Saturday.

Four resolutions on gravel development

Four resolutions came out of a meeting August 26 on gravel development at the Calahoo area.

Fifty-two concerned persons attended the meeting and the MD of Sturgeon has been informed of the outcome (the resolutions).

The meeting was called for the benefit of residents, renters and property owners who might be affected by gravel development in the Calahoo-Villeneuve area.

The four resolutions call for residents to be allowed to

purchase gravel for domestic uses at local pit sites; also that landowners be allowed to develop their lands as they feel fit, subject to the public need; that the local council conform to a study guide which does not restrict other types of land use development. The meeting also called for the MD to re-classify the gravel areas as industrial (land) for taxation purposes.

Acting chairman at the meeting last month was Stanley Walker.

Family reunion held at Shuswap Lake B.C.

Rock and Fleuriette Brisson and family motored to Shuswap Lake, B.C., 15 miles from Salmon Arm, at the end of July for a Comeau family reunion. Fleuriette met with her seven sisters and two brothers and their families: Gerry and Lucienne Comeau from Edmonton; Lucille and Joe Garneau from Fairmont, B.C.; Lucien and Yvonne Comeau from Jossard; Noella and Xavier Dufresne from McLennan; Denise and George Paish from Uleleut, B.C.; Corinne

and Ernest L'Heureux from Jossard; Veronique Donald from Edmonton; Giselle Carriere from McLennan; Marie and Bill Baldoke from Vancouver.

Philip and Ethel Comeau from St. Paul were not able to make it out for the reunion. Also missing was Herve Carrier, including Grandpas, Grandmas, Uncles, Aunts, 1st, 2nd, 3rd, 4th cousins the reunion consisted of 135. There were over 100 missing at the Comeau reunion. Everyone had a good time, participating in the Comeau Olympics, meeting the old and new cousins. The last Comeau Camp was in 1961 in Fairmont, B.C. They hope to reunite within the next 10 years.

Saffin - Forcade wed

On the afternoon of July 2nd, St. Jean the Baptist Church in Morinville was the scene of a beautiful wedding uniting Lauri Saffin, daughter of Mr. and Mrs. George Saffin with Norman Forcade, son of Mr. and Mrs. Leonard Forcade, with Father George Primeau officiating.

Entering the church with her parents, the bride looked radiant in her white floor length gown of triple knit polyester trimmed with white lace at the empire waistline and at the bottom of the gown. From the headpiece flowed a full length veil trimmed with dainty matching lace. Lauri's bouquet contained seven red sweet heart roses and baby's breath.

The bride's three attendants, Dolores Forcade, sister of the groom, Dallas Kroway, cousin of the bride, and Alice Forcade, sister of the groom, all wore matching halter style gowns of red crepe with white lace jackets and wide brimmed hats trimmed with the same material as their dresses. The sweet little flower girl, Jaylene Pasay, cousin of the groom, looked like a miniature copy of the bridesmaids. All the attendants gowns and the flower girl's dress were fitted by Mrs. Jean Carrière, friend of the bride. The bridesmaids carried yellow sweetheart roses and baby's breath while Jaylene carried a white basket of yellow and red miniature carnations.

Normand wore a navy blue suit with velvet lapels and shoulders. The groom's attendants Gordon Saffin, brother of the bride, Raymond Bauwens, friend of the groom, Paul Tailleux, also a friend and Glen Wilding, ring bearer, and cousin of the bride, all looked very handsome in their navy suits matching the groom.

The flowers decorating the church altar were red sweetheart roses and baby's breath. The pews were decorated with huge white bows.

The ushers were the groom's two brothers Louis and Lionel Forcade and Gary Wilding, cousin of the bride. The music by Marie St. Martin and accompanied by Elaine Biloiseau, was very beautiful.

After the ceremony, a banquet was held at the Morinville Recreation Centre.

Seated at the head table, other than the bridal party, beside Mr. and Mrs. George Saffin was Mrs. Josephine Wozney, grandmother of the bride and Mr. Lionel Forcade Sr., grandfather of the groom. At the other end of

the table beside Mr. and Mrs. Leonard Forcade was Mr. and Mrs. Henri Ricard, grandparents of the groom.

For her daughter's wedding, Mrs. Saffin chose a dark blue sleeveless dress of chiffon over tulle with a matching jacket.

The groom's mother also chose a blue dress but her dress was sky blue with sheer sleeves. Both mothers were given identical corsages of red sweetheart roses.

The master of ceremonies was Mr. Harvey St. Onge who did a great job. Mr. Joe Kroway, uncle of the bride, was given the honour of

toasting the bride.

Centered on the head table was a three tier wedding cake decorated with a red ribbon of icing made by Mrs. William Barry of Legal.

After supper some 400 invited friends and relatives enjoyed dancing to the "Silvertones" of Edmonton.

Out of town guests were from Calgary, Vancouver, B.C., Blueberry Creek, B.C., and Kilmat, B.C.

Lauri and Norman are now residing on the family farm near Legal after a honeymoon sightseeing trip to San Diego, Los Angeles and Disneyland.

visiting or going on a tour. Many folks from the Calahoo area went different ways but for Myles and Daphne Kerr, they decided to go south and east in Alberta, to Hem-aruka, to be with old friends and neighbours to help them celebrate their 40th wedding anniversary.

Daphne's brother, Gordon Akerman, from Namoo, accompanied them and together they met school chums as it was a homecoming event to celebrate 50 years for this little district.

People came from as far away as Ontario and Victoria, B.C., numbering around a thousand for this two day event, including a pancake breakfast on the second day. My, how wonderful it was

to renew acquaintances, reminiscing.

Then on the way home Myles, Daphne and Gordon enjoyed visiting friends while stopping for meals in Castor and Stettler.

Congratulations Myles and Daphne, from all your friends and neighbours.

John and Addie Thatcher enjoyed their holiday driving to Pine Grove, California recently to be present at their grand-daughter's wedding.

They stayed at their daughter Lois Wylie's home and were able to watch a uniquely different wedding out on the lawn among the beautiful pine trees, it was beautifully different and since the minister, Rev. Jack Wylie was the bride's father this was truly a family affair.

On another occasion, John and Addie went on a fishing trip to Wabamun for the weekend and they too celebrated an anniversary and look very young and able for their 51st wedding anniversary.

Their neighbours still remember the great lawn party and supper all enjoyed when they were married 50 years.

Congratulations John and Addie!

Memories linger on after a glorious European holiday for Marcel and Theresa and Denise Kerckhoff; John and Dena Gropp; Alvin D. Hoedt and Henry and Joyce Bergstreiser.

Besides visiting relatives and friends Marcel rented a car and in so doing was able along with John and Dena Gropp travelled many miles seeing the beautiful countryside, which unfortunately was parched from the worst drought in years.

They met Henry and Joyce at a given point and also went to visit Joe Freitag's sister in Germany.

Those five weeks went swiftly, and for Denise Kerckhoff, it was the first time to go to Belgium to meet and visit her relatives and their friends.

All in all this trip was enjoyed by all concerned.

Hector and Marlene Berube certainly enjoyed their fishing trip to Moose Lake.

They find this a way to relax and get away from the bustle and bustle of everyday living. Rudy and Janet Brinsky took their two older girls with them and went out camping for a week. The baby enjoyed Grandmother, Mrs. Elsie Smathers care so all concerned enjoyed themselves.

Werner and Tona Christen and Rudy took their grandson and nephew, Dale Verbeek with them so they could enjoy a holiday, going to Banff and enjoying the hot springs after which they took the scenic route to the Columbia Ice Fields, Athabasca Falls, Jasper and then back home.

Fred and Madeleine Brown, formerly of Calahoo and now residing in St. Albert decided to go visit relatives and friends in Vancouver. Madeleine's brother, Art Borle and family made them welcome also.

Upon returning it was a pleasure for the Peter McLeod's to have a visit from these fine neighbours.

Mrs. Norman Anderson, now from Winfield, B.C., with her daughter's Wanda (Oille) and Robin came home, so to speak, to Calahoo for a pleasant visit.

It was so fortunate Fiete wasn't seriously hurt in an accident as a result of the state these roads are in today.

Oh my what a person wouldn't give to have been able to attend the Olympics in Montreal. Mrs. Don Margaret Douglas and Mary Jane had this rare opportunity and attended the last five days at Bromont - being keenly interested in the equestrian trials.

While Mary Jane was in Germany attending classes at the riding academy she met and chummed with an American girl and was favoured by a visit from her recently.

And just last week together, Margaret and Mary Jane went to Chilliwack, B.C., to visit a fine gentleman, 77 year old Dr. Otto Bode, who is a master of dressage and who gave Mary

Jane her first lessons in the art. Dr. Bode, at one time practised medicine in Stony Plain and still enjoys riding his two horses everyday.

Lu and Jeanette Valcourt, who years ago lived in this area, now reside in Vancouver, B.C., decided to come back for a visit to former friends and relatives at Picardville and Calahoo. Jeanette spent a few days visiting Melina and Adelard Paquette and this correspondent had the pleasure of meeting her also.

Then soon after Jeanette left the Paquettes were favored with a visit from their cousin - Mr. Ad Aslin from Spokane, Wash., and together they went to Maycroft to visit with Syd and Lucienne Wright.

And just last Sunday Syd and Lucienne stopped by to visit her brother Adelard and wife Melina Paquette and family after attending that fine rodeo in Spruce Grove. They were also able to see three of their sisters, Thera and husband Frank White's children who are enjoying their holidays on the farm.

The week before the two boys had their turn holidaying here.

Sam and Violet Klause from Onaway decided to take a rest from busy farm life and enjoy the hot springs in Miette near Jasper recently. Their grandson Cameron McLeod has spent some time visiting at the farm - enjoying his uncles Harold and Allan too.

Cameron also enjoyed being with his paternal grandparents, the Peter McLeods for a few days.

Leo and Betty Albrecht decided to honour their children by holding a dinner party to help Ed and Virginia McCann and family celebrate their wedding anniversary and their other daughter Elaine and Hal Ohlman celebrate her birthday.

Then on August 28th Hal and Elaine had their wedding anniversary so Hal's parents

entertained them so Elaine's parents had them over on the 29th to add to the celebrations.

Cliff and Diane Fowler and family took in the Spruce Grove rodeo and together with Diane's parents, John and Vi Matka were on hand to cheer Butch Matka (Diane's brother) on, in his efforts at bull-riding in the rodeo.

It's really wonderful to hear Butch is helping a 12 year old boy on, in his efforts to become a cowboy.

It's one thing to watch the cowboys on their dangerous rides and its another thing to watch a close related riding but they all enjoyed this very well planned rodeo very much.

Mrs. Florence Trueman had a pleasant visit from her brother recently and then she came to visit at his home in Princeton, B.C., and has just returned from a truly fine holiday.

Then together with Mrs. M. Sharon Goodmansson, Debbie, Penny and Corrie, they came to enjoy the evening meal and a pleasant visit with Emelia and Barry Schermund.

GOLDENAGERS MEET

On a lovely bright sunny day Wednesday, August 25 one of our citizens from Calahoo gathered in the Gazebo for the always cheery friendly gathering to enjoy each other whilst playing cards, bingo and visiting during lunch.

Myles Kerr and Mrs. V. Cecile Berry had the birthday cake placed before them so they could blow the candles out after Happy Birthday was sung to them.

Myles was honoured at the Goldenage Club in Onaway too on the 24th. Quite a few are members in Onaway's Club and vice versa.

Calahoo's Club will meet again on September 8th at 1:30 p.m., and visitors are always welcome.

Cardiff News

By Florence Vranas
Cardiff can be very proud of 16 year old Calvin Vollrath who has won many trophies in fiddle contests in the last few years. There are seven children in the family who are all musically inclined. Calvin's father Arthur is an old time fiddler who began playing at his first country dance when he was only 10 years old at Shoal Creek. His children all enjoy country music with Calvin starting to play violin at the age of eight with his father's encouragement. Following is a list of fiddle contests he has won to date:

In 1974 at 14 years of age, the Lakeview CFCW Fiddlers contest for youngest fiddler; In 1975 at 15 years he placed third place in the open category at the Barrhead Fiddlers contest; In 1976 at 16 he held first place preliminary at Morinville Search for Talent; In the semi-finals of Search for Talent held at Leduc he was first place winner. And at the final 1976 CFRN Search for Talent he placed second.

The following are all in 1976:
At the Onoway Old Time Fiddlers contest held in June

he won two trophies; one the best fiddler 16 and under and the second placing third in the open category. Western Canadian Fiddle Champion at Red Deer - best fiddler under 16 in July and finally at the Vegreville Fiddlers Jamboree in August he placed third in the open class.

Calvin says he hopes someday to win the Gold Fiddle at the Lakeview contest. Good luck Calvin from all of us.

Marcel and Rita Ricard accompanied by children Don and Denise spent a very enjoyable 10 day holiday to Kelowna, Penticton, Fairmont, Radium etc. They visited former Morinville friends Mel and Janet Hittinger while in Penticton and stayed six days with the Leon Ricard family in Kelowna. While at Leon's they were joined by Lionel and Rita Hebert and family and Maurice and Vivianne Rousseau and son Rodney where the group spent a very happy day together.

A week after returning home Leon and family returned the visit by staying with his brother Marcel for another week. Rita took the opportunity to have a reunion for the entire Hector Ricard family by having a barbecue at their farm which is the former Hector Ricard family home. About 40 people were present.

Marcel and Rita celebrated their 25th wedding anniversary on August 6th at which time the Bachand family surprised them with a party.

Mrs. John Sacher held a baby shower at her home for baby Louis Turenne on Sunday, August 19. Louis was born on August 19 and weighed 7 lbs. 6 ozs. He is the son of Bob and Elaine Turenne who have two other children, Donald and Suzanne. Congratulations Bob and Elaine.

Janice Kieser returned home from a two week holiday to Montreal and vicinity where she had an enjoyable time visiting family and friends.

Mrs. Rosa Vrdoljak is finally home to stay. Rosa

had a most unfortunate accident over a month ago while trying to light the garbage in their burning barrel. As she turned away to go back to the house the garbage ignited with an explosion which severely burned her left arm and upper left portion of her back and side. She spent three weeks in hospital, came home for a few days and then returned to hospital for some skin grafting. Branko and Rosa's five children, including year old twin boys were cared for by their Aunt Carleen Vrdoljak who resides in Carbondale. We are all glad to see you home Rosa.

On Sunday, August 29 a group of Kieser relatives celebrated the 75th birthday of Theresa Kieser by dining at King Richard's in Edmonton. Theresa is the youngest daughter of William and Catherine Kieser who settled on a homestead, 1½ miles south of Cardiff in 1895 with four small children. Over the years the family increased to 10 children with the youngest, Herman still residing at the original farm.

Bob and Janet Clark with sons Randy, Robert and Jeff had a most enjoyable week long holiday with beautiful weather to Redrum, Banff, Calgary and Cranbrook. They also visited relatives of both Bob and Janet in Cranbrook and Calgary.

Gwen Knoll and Shirley Curtis spent a lovely weekend with five of their children at Thunder Lake recently. A nice break for everyone just before school resumes.

Some surveying has begun for the new subdivision here in Cardiff. Not much else can be done till the weather permits the completion of harvesting on the proposed site.

On August 22 many families from Cardiff and district enjoyed a community wiener roast which was held at the Morinville sports grounds. By next year we hope to make use of our own facilities. Although a number of families were unable to attend for one reason or another a good time was had

by everyone.

Anyone with news of

Cardiff and district please phone 939-2063.

Bon Accord News

By Sadie Allen
The Sturgeon Valley Fish and Game Association will meet in the Bon Accord School at 8 p.m. on Thursday, September 9. Guest speaker will be Mr. Jim Nichols, special investigations, Alberta Lands and Forests Enforcement Division. Topic for discussion will be enforcement problems on fishing and hunting in the province. Everyone is welcome to attend. Come and bring a friend.

Congratulations and best wishes to Mr. John Bland on the occasion of his 77th birthday on September 10. Many happy returns!

You are reminded of the kindergarten meeting to be held in the school, Thursday, September 9th at 8 p.m.

Golden Gems will meet on September 14 at 1:30 in the Bon Accord Community

Centre.

Organization of the Bon Accord Art Club will be held on September 15, at 8 p.m. at the school.

A specialty featured at the Golden Gems table at the Farmers' Market are Hobo Toasters made by senior citizen Mr. George Carleton. The toasters are ideal for toasting over open fires outdoors and are also the best for toasting over gas or electric burners. The price is right, too. In the good assortment of used clothing featured at the table is a pair of practically new tap shoes, size 6. Need a pair for the dancer in your house?

Mrs. Millie Schwanke will be demonstrating feather flowers at the market on September 15th. S. V. Davidson of Edmonton will be holding a display of her paintings at the market on September 15 also. Paintings will be for sale.

Morinville Memos

By Jean Clark
Three new Morinville residents and their moms, all from the same block, were roommates last week in the Sturgeon General Hospital.

Mark Joseph, son of Martin and Ann Somers was born at 10:55 a.m., August 26, a 6 lb. 10 oz. brother for Laurie-Ann.

Kevin John Balsillie weighed in at 8 lbs. 15 ozs., on August 27 at 7:22 a.m. A son for John and Mary Anne and brother for Lisa and Bridget.

Shauna Rae Clark, at 7 lbs. 2 ozs., is a third daughter for Dan and Joan Clark and sister for Dana and Robyn. She was born at 10:30 a.m., on August 30.

The preacher came along and wrote upon the sign-board - "I pray for all."
The lawyer wrote underneath: "I plead for all."
The doctor added: "I prescribe for all."
The plain citizen wrote: "I pay for all."

"I hope you enjoyed your game with the major," said the hostess to one of her guests. "He's very clever at cards, isn't he?"
"He certainly is," replied the guest. "He started by telling my fortune, and now he's counting it."

There will be no Play-school this year, however a child creativity program will be available. This program is for children three to five years of age. An organizing meeting will be held on September 14 at 7 p.m. in the arena. Anyone interested please call 923-262.

The Red Cross Society will be holding their clinic on Monday, September 13 in the new school gym from 7 to 9 p.m. This is a very important clinic so be sure to mark your calendar.

Is your girl interested in joining brownies or guides this year? A registration meeting for all brownies and guides

will be held on Wednesday, September 8 in the Legion Hut at 7:30 p.m. Parents only, at this meeting please. The first meeting for all girls who are registered will be held the following Wednesday, September 15th.

All parents who have boys interested in joining cubs or boys or girls interested in joining scouts please plan to attend our general meeting on September 15 at 8 p.m., in the Community Hall. This will be registration night and the only night to do so. Parents only can register their girl or boy.

The Sturgeon Agricultural Society in conjunction with members of the Sherwood

Park Minor Hockey Association will be holding a hockey school on September 22nd in the arena. There will be six, one and one half hour hockey sessions at a fee of \$20.00 per pupil. Registration will be on September 13, 14 and 15 from 7 to 9 in the arena. Sherwood Park is a very respected member of the Alberta Minor Hockey Association and for a nominal fee of \$20.00 these will be skills your boy will never forget.

Don't forget about the Ag. Society's white elephant sale. If you have any clothes or other items which could be of use to someone please drop them off at the arena. As soon as enough items are collected a date will be set.

A Bear Fest will be held in the Community Hall on Sep-

tember 11 at 8 p.m. Tickets are \$12 a couple and available from Hazel Maclean at the Post Office. The band is "The Sundowners."

Mrs. Steve Lamoureux is missing the top on her bird bath. Any person knowing the whereabouts are asked to give her a call at 923-3324.

With summer holidays over and kids back to school our community is starting to buzz with clubs and organizations starting up. If you have any news please put it in my post office box 21. Next week I will have a telephone so you will be able to call your news in. Thanks!

Miss Roxanne Putnam from Seattle has been a guest of Tommy and Nan Morin for the past two weeks. She has had an enjoyable stay visit-

ing all of her relatives and friends.

THE LAST ROUND-UP (Gibbons Senior Citizens)

A regular meeting was held in the Legion Hut on August 26. Whist was played with the following winners: Ladies first - Katie Brandle; Ladies Cons. - Mrs. Jeannie Graham; Men's first - Wilfred Oliver; Men's Cons. - Joe Hostyn. A delicious lunch was served by Cathie Shaw, Lillian Auslin and Mabel Dawson. Birthday cake was from Donna Williams. Antoinette and Alvin Tupper celebrated August birthdays. Sang "Happy Birthday" and "The More We Get Together."

Roll call was answered by 25 members. There were two visitors - Mrs. Jeannie Graham from Shotts, Lan-

arkshire, Scotland and Mrs. Vicky Carlsen of Anaheim, Calif. Cathie had been in touch with Mrs. McPherson of Travel Alberta. She would be willing to show films of the Peace River Country or Drumheller and the Badlands. Cathie will find out if she can attend the next meeting on September 9th. Katie Brandle will invite some friends from Spruce Grove.

Shells read "Thank You" cards from Joe and Vera Hostyn. Also Antoinette Tupper.

Emily asked Reg Austin to report on the Senior Citizens Lodge. The altered plans have now been passed by the A.H.C. and tenders should be called by September 1st. Reg to contact Mr. Main of New Horizons to find out if he could attend our meeting September 23.

Francis (Frank) and Elizabeth Knight with seven children moved from Ontario in 1900. Their youngest daughter was born after they settled on their farm at Sunnyside, District of Alberta, N.W.T. It was here that Mr. and Mrs. Knight lived their remaining years. The eldest of the family, Peter, died at Bentley, Alberta in 1954. Lyle was killed in France in 1917. May, Mrs. A. Tricker, Portland, Oregon, passed away in 1974.

Recently more than 70 direct descendants, other relatives and friends held a family reunion at Sunnyside Community Hall. Present were four daughters and one son of the pioneer couple - Winifred, Mrs. J. Peters, Oyama, B.C., Emma, Mrs. H. Tuck, Campbell River, B.C., Eva, Mrs. A. Anderson, and Ethel, Mrs. D. Wilson, both of Edmonton and George of Sunnyside.

Others in attendance were Mrs. George Knight, Norman and Gladys Knight, Courtenay, B.C., Verna and

Howard Lanyon, Courtenay, B.C., Helen McLaughlin, Bentley, Alta., Ron and May Knight, Drayton Valley, Harold and May Anderson, Dwight and Judy Anderson, Colleen, Lana and Barbara, Donna and Peter Jacobson, Randy, Connie, Tammie and Neil all of Valleyview, Alta., Jim and Helen Anderson and Brenda, Fairview, Alta., Garry and Wendy Steinhauer Shelly and Jamie; Brian and Gloria Tuck, Michele, Gordon and Brian; Val and Leo Huene; Karen and Victor Klementis and Nicole; Marilyn and Lannie Liljedord and Michael; Vada Hill; Wayne Hill and Barbara Kiss; Wendy Wallace and Tammy; Norman Olafson, all of Calgary; Allan Wilson, High Level, Alta., Margaret Baptist, Fort Saskatchewan; Lillian Coyne, Detroit, Mich., Neil and Elsie Anderson, Tasha and George; Lyle and Hattie Knight; Lily Anderson, Janie, Melody Ann and Scott; Larry and Janet Anderson; Barry and Maureen

Knight; Diane and Barry Hennis; and Danielle; Hazel Rose; Dale Rose, all of Edmonton; Bill and Lois McCrimmon, Gerald, Richard and Marion McCrimmon, Myrtle McCrimmon, all of Notre Dame, Alta.

The 'old Knight house' directly across the road from the hall is now owned by Mr. and Mrs. W. Sherwin. During the afternoon Mrs. Sherwin had "Open House" graciously inviting everyone to come and take a tour! To those who had once lived within it's walls it was a sentimental journey. To the young people, many of whom had never seen even the outside of the ancestral home it was a journey into family history; an opportunity to get the feel of having 'roots'.

The ladies of the community have made a collection of pictures which show the development of the district from it's earliest days and the people who contributed to it. These together with a number of family pictures were tastefully displayed on the walls for all to see and enjoy.

delicious dinner was prepared and served by the Sunnyside Ladies Club and

their able and willing husbands! Everyone agreed that nothing compares to a good home cooked meal!

Brian Tuck of Calgary thanked the ladies and their assistants for a job well done. He concluded his remarks by introducing Peggy and Laughlin Cameron, Lois and Doug Bowman, Margaret and Lindsay Rye, Ella Coburn, Shirley Brown, Wendy Bowman, Margaret and Heather Mitchell; Maureen McFarlane, Charlotte Fewchuk.

Later in the evening Clive and Lillian Potter, Beth and Bill Kibbwhite and Nellie McLaughlin dropped by to renew acquaintances. Clive remarked that "judging by the number of children around there didn't appear to be any danger of the Knight blood line running out."

In welcoming the family 'home' George Knight recited a very fitting poem stressing the importance of strong family relationships. His words seemed to express the feeling of all present.

The following day family members were entertained at the homes of Mrs. Anderson, Neil and Elsie Anderson and Ethel Wilson.

**ARE YOU THINKING OF SELLING,
BUYING OR WOULD YOU
JUST LIKE TO LIVE A LITTLE?**

Regardless of whether we are to move or not most of us homeowners are interested in real estate values.

Real estate sales experience in St. Albert for the past year has made it impossible to give advice that wasn't out of date the next month.

Therefore we make a point of inspecting as many homes for sale as possible, and monitoring the actual selling prices weekly. Because many factors are involved which add sales appeal to residential property, it is important to be kept informed by actual homeowners' ideas and experiences. We would be privileged to meet with you and discuss with you your questions about property and the real estate situation of today, as it is you, the homeowner, and your demands which really determine what happens in the future.

GOOD NEWS PARTY LINE

The DISTRESS LINE is
looking for volunteer tele-
phone listeners. We re-
quire all volunteers to be
mature, stable people, able
to communicate with others
in an understanding and
empathic manner. They
must be warm, compas-
sionate people with good
listening ability.

All volunteers are se-
lected for suitability and
receive a training program
prior to assignment.

If you are interested and
would like to know more
about the program, contact
the volunteer program di-
rector at 426-3242.

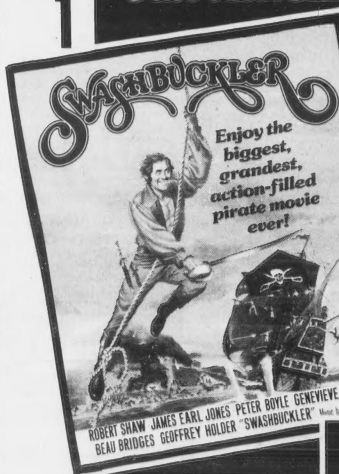

The St. Albert Historical
Society is selling hasti-
notes at a cost of \$2.00 per
package of 12. All proceeds
go toward the preservation
of St. Albert's history. The
Notes were designed by
Mr. Keith O. Bell, and
depict two scenes, the grain
elevators and the original
St. Albert railway station
now relocated at Namao.
